

ABH's 2026 Vision and Mission

VISION

We envision a Commonwealth in which behavioral healthcare is accessible, equitable, and valued as critical to overall health and wellbeing.

MISSION

ABH leads and amplifies the diverse voices of the Massachusetts behavioral health field to improve and shape community-based mental health and substance use treatment services for all.

ABH's 2026 Values

CORE VALUES

Equity in service access and delivery throughout the behavioral health system, and in the ways we engage with our members and each other.

Effectiveness in collaboration with funders, payers, regulators, communities, and all providers, to ensure behavioral healthcare is person-centered, outcome oriented, and clinically- and cost-effective.

Excellence in care delivery for all; in all we do in the realms of advocacy and advancement for the behavioral health workforce, organizations & field as a whole.
